

Configuring IE to Allow Downloads

- from the Tools menu, select "Internet Options...";
- on the Internet Options window, select the "Security" tab;
- at the top, select "Trusted Sites";
- click on the "Default Level" button ;
- click on the "Sites" button;
- in the Trusted sites window, type in "vista.csus.ct.edu", uncheck the "Require server verification (https:)" for all sites in this zone", and click on the "Add" button;
- click on "OK" to exit the Trusted sites window, and again to leave the "Internet Options".
